APPROVAL OF STATE ENGINEER.

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit, to change the point of diversion of the Merritt Ditch, is issued with the understanding that no other rights shall be impaired thereby, and with the further understanding that no additional rights are granted herein. A substantial headgate and weir must be installed and maintained at or near the new point of diversion to facilitate the measurement and control of water.

The State reserves the right to regulate the use of water under the change authorized by this permit, at any time, in accordance with the stipulation, or any modification thereof, in that certain U.S. District Court Decree No. 731, in the case entitled Pacific Livestock Co., vs. T.B. Rickey, et al.

The amount of water which may be diverted at the new point of diversion shall be limited to the amount which can be applied to beneficial use, and not to exceed the amount at present used by the applicants herein through said Merritt Ditch, namely 27.52 c.f.s. for 2286 acres of land as set forth in said U.S. District Court Decree No. 731 in the case of Pacific Livestock Co. vs. T.B. Rickey et al.

Actual construction work shall begin on or before May 15, 1923.

Proof of commencement of work shall be filed before June 15, 1923.

Work must be prosecuted with reasonable diligence and be completed on or before July 15, 1923.

Proof of completion of work shall be filed before August 15, 1923.

Application of water to beneficial use shall be made on or before November 15; 1924. Proof of application of water to beneficial use must be filed with State Engineer on or before December 15, 1924.
